

Annona Muricata (Soursop)

Graviola Healthy Infusion (135 gr)

Suggested Use

Daily Infusion :

To be consumed in the form of infusion or decoction (1 cup 20 cl):

- Dip 1 teabag in a cup of boiling water,
- Leave to infuse for 15 to 30 minutes
- The infusion is ready to drink.
- The tea must be taken 2 times a day, 30 minutes before meals
- Repeat the process daily for 30 days.

90-day treatment to be renewed (3 months + 3 months) :

- The infusion should be taken 2 times a day for 30 days, 20 cl (1 cup), 30 minutes before meals. The infusion penetrates better and faster in the bloodstream when taken between meals.
- Despite its efficacy, soursop targets only the sickened cells, leaving healthy cells unharmed.
- The 30-days treatment should be followed for periods of 3 months, renewable 2 times.

Maintenance Dose :

- After improvement of the symptoms, do not stop suddenly. The maintenance dose corresponds to a cup a day, 30 minutes before meals for 4 days of the week.
- How long should be taken the maintenance dose ?
- For as long as you feel the beneficial effects of soursop.

Precautions :

- Do not use during pregnancy and breastfeeding.
- Graviola is hypotensive (lowers blood pressure), vasodilator (widens blood vessels) and causes cardiovascular depression (slows heart rate and respective contractility).
- Do not exceed the recommended dose. Keep out of the reach of children.

1 tea bag = 2,25g

1 pouch = 1-month treatment at 2 daily doses.

The 30-days treatment should be followed for periods of 3 months, renewable 1 to 2 times.

This is not a medicine.
